

# Meet a Member

## Katie Brown

Holistic Energy Solutions, LLC.

### Where do you live?

San Miguel, California

### Where do you graze?

My small flock is in San Miguel, we graze our property and neighboring vineyards. I provide grazing management and land stewardship services across the US.

### How long have you been an ASGA member?

I have been involved since it started with Lexie Hain.

### Favorite meal to cook?

That's a tough one, I enjoy cooking and experimenting in the kitchen! My recent favorite is slow-cooked lamb shoulder with balsamic marinade served over baked sweet potatoes.

### Best advice you've ever received?

Every day that dawns brings something to do that can never be done as well again.

### What's a skill you are proud of?

Being able to help generational producers or new producers keep or establish an operation. Seeing people get started or stay in agriculture is the reason I went into this career.

### Any hidden talents?

I like to hang glide!

### Favorite ASGA resource?

Solar Grazing Map! Followed closely by the wealth of knowledge shared in the recorded webinars.

### If you could have any superpower, what would it be?

Teleportation would be incredibly helpful and save a lot of travel time!

### What are you reading and would you recommend it?

Bible, Parenting by Paul David Tripp, Principle Centered Leadership by Stephen Covey. Yes! I would recommend all of them!

### Do you have a bucket list item you are working on?

Raising my four kids.

### What are you looking forward to in the upcoming year?

Homeschooling my kids, getting back into triathlon racing, continuing to grow my business, and being apart of building new business opportunities for local farmers and ranchers through agrivoltaics and conservation programs.

### Advice for new ASGA members?

Always keep learning and networking. You can learn something new from the people you least expect it, and you never know how that will impact your long-term operation or business.
